CUP 2, rue du Petit-Salève 10, 1205 Genève,

Year 2014-2015: 2 single rooms in suites.

“CUP 2” is organized around the same principles as CUP1: single rooms in suites, shared bathrooms, community life in every apartment. It offers a perfect way of being integrated into the Geneva student life. It is located a 15-minute walk from the Smith Center, close to some of the University buildings, and houses both students and interns. Some of the suites welcome 4 or 5 students only, and two flats are designed for couples. The architecture is modern, glass and concrete, with a very inspiring concept of space. As in CUP1, bed sheets (changed every two weeks) are provided, but not towels. Washing machines are available in the building. There is a nice terrace for residents only.
