Step 1: Create your Orisis account

Orisis is a University of Geneva identification system.

https://www.unige.ch/RiMobIn/faces/login

- Please select your language at this stage, French or English (see flags top right).

- Create a new account with a private e-mail address, define a password, login and follow the instructions. Send the application form.

- You will receive a message at the mentioned e-mail address. To confirm your registration, please use the given link.

You will be directed to the following webpage.
Step 2: Register

It is mandatory to close your browser, open a new page and use the following link, same as step 1.

https://www.unige.ch/RiMobIn/faces/login

Please select your language at this stage, again, French or English. Type in your Orisis identifier and password you selected at step 1.

Enter the following access code: RIIN2016

Please, note:
- Your data is not saved until you have reached the confirmation step at the end of the registration form and clicked on “confirm”.
- Once you submit your form, you cannot go back and make changes.
