Important Note
These stipends may affect the AM’s financial aid allotment. Because financial aid packages differ from student to student, any student interested in the AM position should contact the Financial Aid Office for information about how the financial aid package may be affected. No student whether on aid or not may hold more than one “permanent” job on campus. This means that you cannot hold a second campus job; however, you may supplement your primary earnings with spot job earnings. The limitation of one primary job per student is to insure equity and opportunity among all students at Smith and has not bearing on whether you are on financial aid or not.
